

CELEBRATING

Concrete Bond, 100 Years and Beyond

As the Indian Concrete Journal (ICJ) celebrates 100 years of excellence in concrete and construction technology, we look back with humility and would like to together mark this milestone not only celebrating the legacy but commencing the journey to build the next 100 years! Come be a part of this journey!

This is more than a call for papers—it's a chance to shape the future while honoring the past.

Why Submit?

- Be featured in the prestigious Centenary edition of the ICJ.
- Reach a global audience through open-access publication.
- Contribute to a legacy of innovation and research since 1937.

Topics of Interest:

- Advances in concrete materials
- Breakthroughs in concrete structures
- Sustainable materials and construction case studies
- Major milestones in the field

Timeline:

- Confirm your interest by: August 15, 2025
- Manuscript submission window: Commencing from September 2025

Submission Guidelines:

- Original, unpublished work only
- Double-blind peer review process
- Follow ICJ's author guidelines: https://www.icjonline.com/be_an_author

Submit your manuscript to:

✉ icj@adani.com

Special Feature: "My ICJ Journey"

We are also curating personal stories from researchers and professionals, sharing the influence or inspiration the ICJ has been for you. Share your experiences in your words – narrating how the ICJ has been a part of your excellence journey.
