

RILEM UPDATE

The International Union of Laboratories and Experts in Construction Materials, Systems and Structures

OPEN ACCESS PAPER

The RILEM Technical Committee "CSA Calcium sulfoaluminate-based cement and concrete" was established in 2024. The members of this TC have recently published in *RILEM Technical Letters* an opening letter presenting a critical review and open questions related to this topic. Like all the papers in this journal, also this letter bit.ly/4kU5Lxj is Open Access, enjoy!

NEW STARS

RILEM is proud to announce the publication of its latest State-of-the-Art Reports, published by Springer:

- *Mechanical Properties of Alkali-Activated Materials – State-of-the-Art Report of the RILEM Technical Committee 294-MPA*; Edited by Guang Ye, Frank Dehn - Volume 46 bit.ly/3P0ivXa
- *Long-Term Performance of Structural Concretes in Marine Exposure Conditions - State-of-the-Art Report of the RILEM Technical Committee 289-DCM*; Edited by Kefei Li, Junjie Zeng, Luping Tang, Mette Rica Geiker, Riccardo Maddalena - Volume 47 bit.ly/4qUz5oM.

Get your copy today, either in hardcopy or e-book format, from the Springer website and take advantage of the 20% discount on all Springer e-books exclusively for RILEM members!

RILEM AND THE INDUSTRY

Did you know that RILEM members represent not only the academic community? The Association also includes many industrial practitioners that actively contribute to the outcomes of its Technical Committees. You can hear about the experience of some of them in the short videos available here: bit.ly/4sgdh8l. The full stories are accessible through the links in the video descriptions.
