

RILEM UPDATE

The International Union of Laboratories and Experts in Construction Materials, Systems and Structures

2024 RILEM ANNUAL REPORT

It is with immense pleasure that RILEM announces the release of the 2024 RILEM Annual Report! Feel free to share this document with anyone you think might be interested in learning more about our work and the things we accomplished last year. Download your free copy here: bit.ly/3EyjokX!

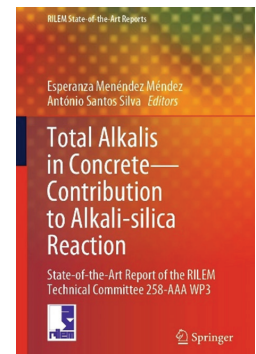

REPORT OF 2025 RILEM SPRING CONVENTION

Have you missed the 8th RILEM Spring Convention in Mendrisio, Switzerland, in March this year? Do not worry! The report presenting the highlights of the event is now available here bit.ly/4jHDtnM!

NEW STAR NEW STAR

It is with a mix of joy and sadness that RILEM announces the publication of its latest State-of-the-Art Report bit.ly/3GiVqLb: *Total Alkalies in Concrete — Contribution to Alkali-Silica Reaction*, State-of-the-Art Report of RILEM Technical Committee 258-AAA WP3, Edited by Esperanza Menéndez Méndez and António Santos Silva. The publication includes a heartfelt tribute to Esperanza Menéndez Méndez, whose recent passing was a great loss to the concrete research community.

FREE LECTURES ON YOUTUBE

Did you know that the RILEM medallists' lectures and the Technical Committee (TC) presentations at the Spring Conventions and Annual Weeks are always recorded and shared for free on the RILEM YouTube channel? The videos of the 2025 Gustavo Colonnetti awardees' lectures and of the presentations of TC 290-IMC and TC 277-LHS, which took place at the last 2025 RILEM Spring Convention, are now available here bit.ly/4iwdKO! Enjoy!
