

RILEM UPDATE

The International Union of Laboratories and Experts in Construction Materials, Systems and Structures

78th RILEM Annual Week – SAVE THE DATE

The 78th RILEM Annual Week & Conference on Research on Construction Materials to meet the major challenges of the 21st century will take place on 25-30 August 2024 in Toulouse, France. SAVE the DATE! bit.ly/3HKZgub

Doctoral Courses

Participants of the pre-conference doctoral courses of the 77th RILEM Annual Week can request CPD credits kindly issued by the Institute of Concrete Technology.

The courses will be organised in the following topics: High Performance Supplementary Cementitious Material, Ultra High-Performance Concrete (UHPC), Performance-Based Asphalt Recycling, and Additive Manufacturing and 3D Concrete Printing. Stay tuned for further details here: www.rilemweek2023.com/courses/.

2024 RILEM Spring Convention

The preliminary program of the 2024 RILEM Spring Convention & conference on advanced construction materials and processes for a carbon neutral society, in Milan on 7-12 April 2024, is available here bit.ly/40to1la! More information will be released soon!
