

RILEM UPDATE

The International Union of Laboratories and Experts in Construction Materials, Systems and Structures

NEW RILEM REGIONAL CONVENER FOR SOUTH ASIA

RILEM is happy to welcome the new Regional Convener for South Asia: Prof. Kolluru Subramaniam, Indian Institute of Technology (IIT) Hyderabad, India. Prof. Subramaniam is replacing Dr Radhakrishna G. Pillai, Indian Institute of Technology (IIT) Madras, India. Further details can be found here: bit.ly/40QAeCq. Welcome Prof. Subramaniam and thank you Dr Pillai for the great work in the last years!

YRC ON TLC2

The RILEM event *Young Researchers' Symposium (YRS) on Technologies for Low-Carbon & Lean Construction* will take place on Sunday 28 January 2024 at the IIT Madras, India. More info available here: bit.ly/45gdMnD.

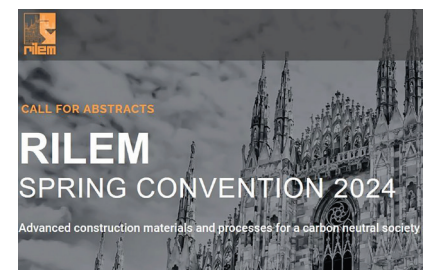

3RD INTERNATIONAL WORKSHOP ON TLC2

The RILEM event "*3rd International Workshop on Technologies for Low-Carbon & Lean Construction (TLC2)*" will feature talks on themes related to advances in Low-Carbon & Lean Construction Technologies by national and international experts and researchers. It will be held at IIT Madras, India, on 29-31 January 2024. More details here: bit.ly/49IHpAx.

2024 RILEM SPRING CONVENTION

The organisers of the *2024 RILEM Spring Convention and Conference on advanced construction materials and processes for a carbon neutral society* are still accepting contributions! The conference will gather in three days a unique consortium of worldwide renowned researchers and professionals discussing the latest advancements in materials, construction processes and structural applications to drive the transition of our society towards carbon neutrality. The event is organized by Politecnico di Milano, from 7 to 12 April 2024, in Milan, Italy. Visit the conference website bit.ly/42ni1Nd.

JOINT COMMITTEE ON THE GLOBE CONSENSUS MEETING

The *Ordinary Meeting of the Joint Committee on the Globe Consensus* took place in November 2023 at Bundesanstalt für Materialforschung und prüfung (BAM) in Berlin, Germany. Further details on this meeting can be found here: bit.ly/49Mff7F. The objective of the Globe Consensus on Sustainability in the Built Environment – GLOBE – is to direct the attention of the global community, politicians, industry leaders, and societal decision-makers to the critical importance of the built environment for sustainable development at global and local scales.
